

WISH CARD SET

Welcome to our first installment in the ScrapScription Idea Gallery! We've chosen the left over stickers from Bella Blvd.'s *Sweet Celebration* line in the most recent Make A Wish kit to stretch your kit dollars into 5 birthday cards. With just a few pieces of cardstock, a few embellishments from our own stash and a couple of punches, we came up with 5 card designs for you to make on your own using pieces left over from this kit. Now how's that for value?!

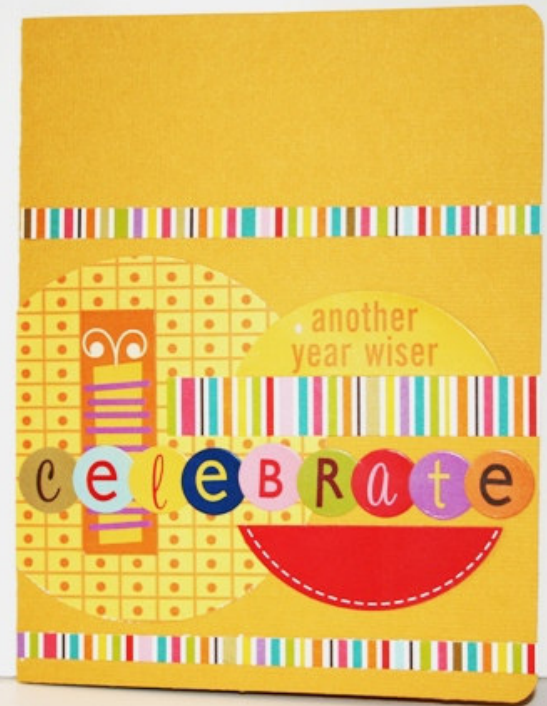

HAPPY CARD:

- Cut and fold 8½" x 5½" pink cardstock (vertical card).
- Cut 4¼" x 3" Stardust
- Cut 4¼" x 1" white cardstock and punch with a scallop border punch (I used the EK Success slim mini scallop border punch here). Adhere to bottom of Stardust and adhere entire piece to bottom of pink card.
- Find turquoise "heart band" sticker and adhere across top of Stardust. Trim as needed.
- Punch a 2½" white cardstock circle and adhere as shown. Trim flush with side of pink card.
- Attach pink/blue lollipop sticker to center of white circle punch.
- With your own sticker letters or die cut cardstock letters spell "HAPPY" (I used my QuicKutz Blossom dies here) around top of white circle punch.
- Tie white organza dot ribbon (the ribbon shown is from Bazzill) around front panel of pink card. Tie in a knot on the front and trim ribbon ends at angles.

WISH CARD:

- Cut and fold 8½" x 5½" blue cardstock (horizontal card).
- Cut 5½" x 2" Party Hearty.
- Cut 5½" x 1" turquoise cardstock and punch with a scalloped border punch (I used the Fiskars Apron Lace border punch here).
- Adhere across top of Party Hearty paper and adhere entire piece to bottom of blue card.
- Cut 2½" x 3¾" white cardstock and trim into a tag.
- Punch two ⅛" holes in the top of the tag side by side. Insert ribbon of your choice down through the front of both holes. (I used this American Crafts ribbon that had all the colors I wanted in it!). Then criss-cross the ribbon on the back and bring each end back up through the opposite hole. Pull ribbon taught on the front of the tag and trim ends at angles.
- Adhere white tag to front of card as shown.
- Find brown "cupcake band" sticker and adhere across card as shown. Trim if necessary.
- With red letter sticker, spell "wish" across white tag just above "cupcake band" sticker. Use the square red star sticker as the dot on the "i".

CELEBRATE CARD:

- Cut and fold 8½" x 5½" yellow cardstock (vertical card).
- Punch a 3" circle out of Sugar Cone paper and adhere along the bottom left hand side of the card allowing it to hang off the edge of the card. Then trim circle flush with the side of the card.
- Find "orange candle" sticker and adhere on top of the Sugar Cone circle punch.
- Cut ½" x 3" Lollipop Stix and adhere across middle of card as shown.
- Find "another year wiser" sticker and adhere above Lollipop Stix strip.
- Spell "celebrate" with circle stickers across front of card allowing stickers to overlap slightly.
- Find "red tab" sticker and adhere below "celebrate" as shown.
- Cut 2 - ¼" x 4¼" Lollipop Stix and adhere across top and bottom of card.
- Corner round the upper and lower right hand corners of yellow card.

EAT CAKE AND CELEBRATE CARD:

- Cut and fold 8½" x 5½" purple cardstock (horizontal card).
- Cut 4" x 2" Lollipop Stix and adhere from the left hand side across the middle of the card.
- Cut 1" x 4" Make A Wish (one row of candles) and adhere down the center of the Lollipop Stix strip.
- Find "green scallop circle" sticker and adhere at the end of the Lollipop Stix strip.
- Add silver rhinestones across the top and bottom of the Lollipop Stix strip.
- Find "purple photo corner" stickers and adhere to the bottom left and right hand corners of the purple card.

PRESENTS CARD:

- Cut and fold 8½" x 5½" orange cardstock (vertical card).
- Cut 4¼" x 2" Party Hearty.
- Cut 2 - 4¼" x 1" white cardstock strips and punch with a wavy scallop border punch (this is the EK Success slim wavy border punch). Adhere to top and bottom of Party Hearty and adhere entire piece to bottom of orange card.
- Punch 1½" scallop square from white cardstock and adhere "yellow present" sticker to center.
- Adhere to right hand side of card in the center of the Party Hearty strip. Allow scallops to hang off the edge of the orange card.
- Cut a 3½" piece of coordinating ribbon and adhere across center of Party Hearty strip. Tuck right end under "yellow present" sticker. (I used the brown/turquoise heart ribbon from the Love, Elsie Jack & Abbey collection and it matched perfectly!)
- Find "presents tab" sticker and adhere to upper left hand side of the card under the white cardstock border punched strip.
