

AUTUMN SPLENDOR CARD SET

We received such a great response to our first "free" idea gallery that we thought it was about time for another installment. We love being able to use the little extras left over from some of our favorite kits to make cards. So when we finished up the September Autumn Splendor kit we knew that we couldn't let those gorgeous papers and stickers go to waste!

So we are stretching your kit dollars to create 6 gorgeous cards! With just a few pieces of cardstock (some of which you can easily use what's left from your kit), a few embellishments from our own stash and a couple of punches, we came up with 6 designs for you to make on your own using pieces left over from this kit. Now how's that for value?!

OUR LOVE CARD:

- Cut and fold 8" x 5½" vanilla cardstock (vertical card).
- Cut 1" x 5½" Cordovan (stripes horizontal) and adhere down left side of card.
- Punch 1 large heart from burgundy cardstock and 1 large heart from Apple Butter and adhere to card as shown. Allow Apple Butter heart to hang off right side of card and trim flush with edge.
- Spell "our" with white chipboard letters across burgundy heart.
- Spell "{love}" with cardstock sticker letters (from your kit) under "our".
- Adhere "pink vine" cardstock sticker (from your kit) across bottom of card as shown. Trim flush with edge.

Tip: If you don't have a heart punch, hand cut your own or use large circle punches instead.

TO THE MAN I LOVE CARD:

- Cut and fold 8" x 5½" burgundy cardstock (vertical card).
- Tear about 1" off right side of front panel of card.
- Cut 1¼" x 5½" Kraft cardstock and adhere to right side of **inside** panel of card.
- Cut ½" x 5½" Acorn and adhere down center of Kraft cardstock. Secure top and bottom of Acorn strip with small copper brads.
- Working from the bottom of the card up, start by spelling "i love" across bottom of card with white chipboard letters. (I backed the "o" in love with one of the small circle cardstock stickers from your kit).
- With an "anywhere hole punch", punch a small hole above and to the left of "i love". Wrap a piece of twine around front panel of card through the small punched hole and tie in a knot on the front of the card.
- Adhere "man" cardstock letter stickers (from your kit) above twine. Punch heart out of Kraft cardstock and tuck behind the "m" in "man".

- Spell "to" and "the" with white chipboard letters as shown. (Again, I backed the "o" with one of the small circle cardstock stickers from the kit).

THANKS CARD:

- Cut and fold 8" x 5½" dark purple or wine colored cardstock (vertical card).
- Cut 3¾" x 4¾" Russet and adhere across the top of the card.
- Cut 4" x ¾" Cordovan (stripes vertical) and adhere across the bottom of the card.
- Cut 1½" x 3½" burgundy cardstock and adhere about ¾" from the left side of the card right above the Cordovan stripe paper.
- Cut 2½" x 2½" pink cardstock and adhere about ⅛" from the right side of the card right above the Cordovan stripe paper. Secure upper left and right corners with small copper brads.
- Adhere "brown berry vine" cardstock border sticker (from your kit) down the left side of the card overlapping the burgundy cardstock piece and stopping at the Cordovan stripe paper.
- Adhere "large pink/orange leaf" cardstock sticker (from your kit) to center of pink cardstock.
- Spell "thanks" with white chipboard letters across bottom of pink cardstock.

SORRY CARD:

- Cut and fold 8" x 5½" Cedar paper (from your kit) (vertical card).
- Cut 2" x 4½" vanilla cardstock and trim into a tag at the top. Poke a hole in the top of the tag and insert a large pink brad. Flatten brad on the back of the tag.
- Cut 3" x ½" Cordovan (stripes vertical) and adhere along bottom of vanilla tag.
- Adhere tag to front of card about ⅛" from the right and ½" from the bottom.
- Punch or cut a 2½" circle from pink cardstock and adhere to left side of vanilla tag as shown.
- Cut 4" x 1" burgundy cardstock and adhere across center of card as shown overlapping the pink circle and vanilla tag.
- Adhere "leaf vine" sticker (piece left over from your kit) on top of burgundy cardstock.
- Spell "sorry" with white chipboard letters across pink circle. (I backed the "o" in sorry with one of the small circle cardstock stickers from the kit).
- Punch a small butterfly punch and adhere above the "y" in "sorry".

HI CARD:

- Cut and fold 8" x 5½" Kraft cardstock (vertical card).
- Cut 3¾" x 5½" Squash and cut right side along curve printed on the paper. Adhere to front of Kraft card.
- Punch or cut a 2" burgundy cardstock circle and adhere to bottom center of card.
- Adhere "orange maple leaf" sticker (from your kit) to center of burgundy circle.
- Adhere "brown/yellow leaf" cardstock sticker (from your kit) across bottom right side of burgundy circle.
- Spell "HI" with upper case white chipboard letters across "brown/yellow leaf" sticker.
- Wrap front panel of card along the left side with a ribbon of your choice and tie in a knot at the top of the card. Trim ribbon ends at angles.

CELEBRATE CARD:

- Cut and fold 8" x 5½" pink cardstock (vertical card).
- Cut 5½" x 4¼" Acorn and adhere across card about ⅛" from the bottom.
- Cut 5½" x ¼" Cordovan (stripes vertical) and adhere about ⅛" above Acorn paper.
- Cut 1½" x 4¼" burgundy cardstock and trim into a tag at the top.
- Punch a hole in the top of the tag and tie with a ribbon of your choice. Trim ribbon ends at angles. Adhere tag down right side of card as shown.
- Punch a large star out of pink cardstock and adhere to lower left side of burgundy tag. Adhere "small acorn circle" sticker (from your kit) to center of pink star and secure with a small copper brad.
- Spell "celebrate" vertically up right side of burgundy tag with white chipboard letters.
