

## MOTHER'S DAY CARD SET

Using some of the leftovers from your "A MOTHER LIKE NO OTHER" kit, make these coordinating Mother's Day cards and a "thinking of you" card with just a few pieces of your own cardstock, some punches and a few of your favorite stamps!

### MOM SCROLL CARD:

- Cut and fold 8½" x 5½" light purple cardstock (vertical card).
- Cut a ¼" strip of Boysenberry Dot paper and punch with a border punch (I used Martha Stewart's scallop dot here). Adhere across bottom of card.
- Cut a ¼" x 2" piece of "green leaf" paper and adhere above border punched strip.
- Cut a ¼" strip of "purple grid" paper and punch with a border punch (I used EK Success' dotted scallop edger here) adhere above "green leaf" paper.
- Adhere "purple floral scroll" sticker across card as shown and trim off excess on the right side.
- Punch an oval scallop punch from the Boysenberry Dot paper and an oval punch from Kraft cardstock and layer them on top of each other. Adhere in lower right corner of card.
- Cut light purple die cut letters or use letter stickers to spell "mom" across oval punch.

*Tip: Instead of border punches, use decorative edge scissors instead. Switch the oval punches with cut layered rectangles or circles instead.*

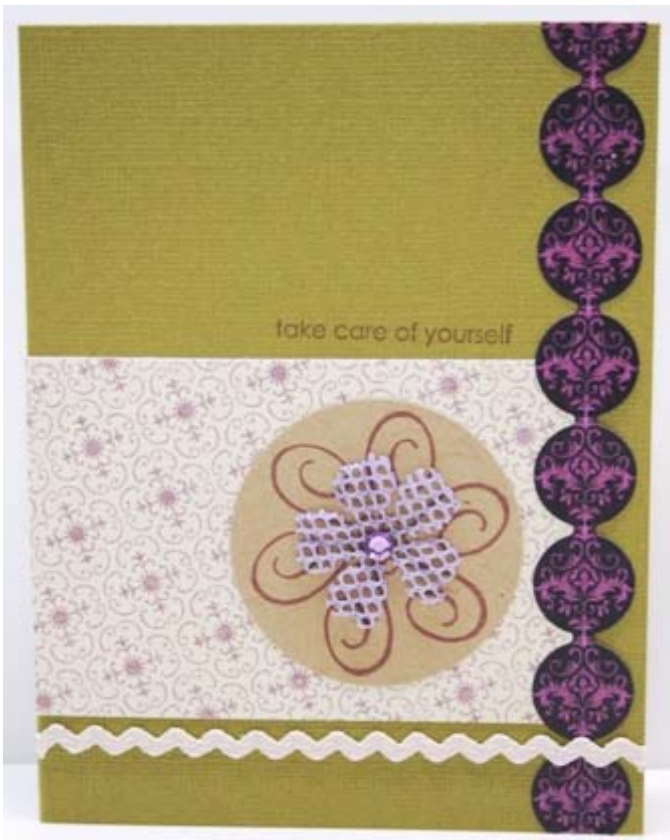

### MOM TAG CARD:

- Cut and fold 8½" x 5½" Passion Fruit Dot paper (vertical card).
- Cut a ¼" strip of olive cardstock and punch with a border punch (I used Fiskars' apron lace here). Adhere across bottom of card.
- Cut a ¼" x 1¾" piece of Mist stripe (stripes horizontal). Punch across bottom of piece with a ribbon punch (I used Fiskars' Leave it to Weaver here). Weave Boysenberry ribbon through punched slots. Trim ends flush with sides of card.
- Cut olive die cut letters or use letter stickers to spell "MOM" above ribbon.
- Stamp a large white marking tag with your favorite floral stamp in violet ink. Add purple rhinestones to the center of the flowers. Add large pink brad to the top of the tag. Adhere to right side of card tucked under Mist strip slightly.

#### LUV U MUCH CARD:

- Cut and fold 8½" x 5½" Boysenberry Dot paper (vertical card).
- Corner round upper right corners.
- Adhere "pink floral scroll" sticker to front of card. Trim scroll flush with bottom of the card.
- Following the curves of the scroll, spell "I LUV U!" and "much" with purple letter stickers.
- Add purple gems to ends of each scroll.

#### TAKE CARE OF YOURSELF CARD:

- Cut and fold 8½" x 5½" olive cardstock (vertical card).
- Cut ¾" Symmetry and adhere across card about 1½" from the bottom and flush with the left side.
- Cut 5½" of the "purple bead" border sticker and adhere vertically on right side of card. Trim any excess flush with the card.
- Cut 4½" ivory ric rac and adhere across bottom of card as shown. Trim excess flush with sides of card.
- Punch a 2" Kraft cardstock circle and stamp with a circular stamp of your choice in violet ink. Adhere as shown.
- Add a coordinating mini paper or mesh flower on top of the stamped Kraft circle punch.
- Adhere a small purple rhinestone in the center of the flower.
- Stamp a sentiment of your choice across top of Symmetry paper in violet ink.
